

# Charles Wefso

605-787-3034 | cwefso@gmail.com | Denver, CO 80220

## PROFESSIONAL SUMMARY

Frontend Engineer with a track record of developing high-quality web applications using HTML/CSS, Typescript, and React. I have a background as a writer and am known for exceptional problem-solving and communication abilities. Adept at working collaboratively, consistently delivering projects that exceed expectations.

## SKILLS

- HTML5/CSS3
- RESTful APIs
- Git/GitHub
- Aria/Accessibility
- TypeScript 5.x+
- Jest/RTL/Cypress
- Node.js/Express
- Tailwind
- Functional React
- CircleCI/Github Actions
- React Query
- ChakraUI

## EXPERIENCE

### Software Engineer

#### Wefso Webworks, 2023 - Current

- Designed and developed custom blogs, websites, and personal applications using modern frameworks like Next.js, React, and WordPress.
- Maintained and optimized existing websites, improving performance, SEO, and functionality.
- Built applications, including a Spotify-integrated music playlist manager.
- Engineered prompts to improve responses for collaboration with LLMs in development.

### Frontend Engineer

#### Clerk, 2021 - 2023

- Integrated third-party APIs to extend website capabilities.
- Worked with designers to create our primary web page.
- Participated in code reviews to maintain high-quality code standards.
- Produced high-quality, clean code for client projects.
- Helped users fix bugs and integrate Clerk into their applications.

### Frontend Engineer

#### ReRent, 2020 - 2021

- Building the app from the ground up, working on both the marketing materials, as well as the functionality of the app itself.
- Optimized websites for search engines using SEO best practices.
- Monitored website traffic using analytics tools such as Google Analytics or Adobe Analytics.
- Tested websites for usability, accessibility, and performance optimizations.

## EDUCATION

### Front End Curriculum

#### Turing School of Software and Design, Sep 2020

Turing is an intensive 7 month program which focuses on the practical development of software applications.
